Subject: OR House Energy and Environment Committee briefing on Portland Harbor

Hello Beth,

This follows our phone conversation and then my voicemail message this morning confirming EPA participation at a Portland Harbor briefing for the Oregon House Energy and Environment Committee, with the understanding that this an "informational meeting," not a formal hearing with testimony, and not related to any pending legislation.

EPA participants are:

Jim Woolford, Director, Office of Superfund Remediation and Technology Innovation, Office of Land and Emergency Management

Dennis McLerran, Director, EPA Region 10

Cami Grandinetti, Remedial Program Manager, EPA Region 10

I understand that other participants are:

Richard Whitman, Policy Advisor, Natural Resources Office, Office of Governor Brown

ODEQ participant to be determined

Lower Willamette Group, potential, to be determined

Location: Salem, State Capitol hearing room E

Time: Thursday, February 18, 8:00 to 9:00 am

Please let me know if there is anything else that it would be helpful to discuss today. Next week, if needed, please check with Public Affairs Manager Jeff Philip, who is cc'd above and can also be reached at 206-553-1465. You can also contact Matt Magorrian, our Regional Administrator's Assistant, if there are needed changes to the room or other details. He is also cc'd above and be reached at 206-553-6284.

I understand that you are preparing an agenda and would appreciate your sending it to all included on this email.

With my regards,

Cindy Colgate Schuster
